With A2A, every workshop has access to a vast range of proven OE quality exhaust systems at aftermarket prices. Comprising over **10,000 products** covering more than **24 million vehicles** on UK roads, A2A provides garages with precision engineered components that deliver long-lasting performance.

A2A parts are developed, tested and manufactured to the highest standards. All the features and aesthetics that would be present on the OE equivalent component are included and every product is offered with a **3-year warranty** for quality assurance.

This catalogue contains the full range of A2A accessories and repair products, ideal for easy ordering from the nearest GSF Car Parts branch.

A2A PRODUCTS DELIVER SUPERIOR EXHAUST REPAIRS

DELUX SLEEVES

Join pipe and tubing of the same diameter together without welding for a strong and secure connection. Great for attaching new exhaust sections or repairing damaged sections.

Part Number	Diameter (MIN / MAX)	Overall Length

TESTIMONIALS

“ We’ve used A2A for years and they’re easy to fit and availability is second to none. We would recommend to anyone! ”

- Vantage Ltd
Stoke on Trent

“ We really like using A2A products as they’re great value for money. Would recommend to other garages. ”

- Mansfield Tyres Ltd
Mansfield

“ I’ve fitted exhaust for 40+ years and can highly recommend A2A. The quality and fit are excellent, making a hassle-free install. ”

- TP Tyres & Exhaust Ltd
Manchester

“ We’ve fitted A2A exhausts from our local GSF branch for years. Love the build quality, a fit and forget brand. ”

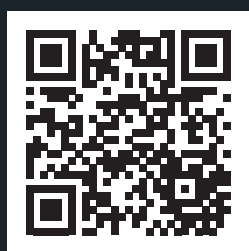

- R.C. Motors Ltd.
Shrewsbury

“ We use A2A because we have no problems with fitting. Other brands need adjusting before fitting 9/10 times. ”

- Endyke Tyres
Hull
